## Our Vision

Striving for excellence in every project, our vision is to be the preferred provider of construction claims, contract management, and project solutions. We aim to shape the future of the industry by consistently delivering exceptional results, fostering a culture of innovation, integrity, and client satisfaction.

## Our Mission

Our mission is to deliver transformative solutions to the Infrastructure Sector towards profitability of their project for sustained business growth through Expertise, technology, networking and Law.

## Sectors We Serve

ROAD & HIGHWAYS

BRIDGES

RAILWAYS & METROS

AIRPORTS

WATER RESOURCES

PORTS AND JETTIES

GEO-TECHNICAL INVESTIGATIONS

TUNNELS

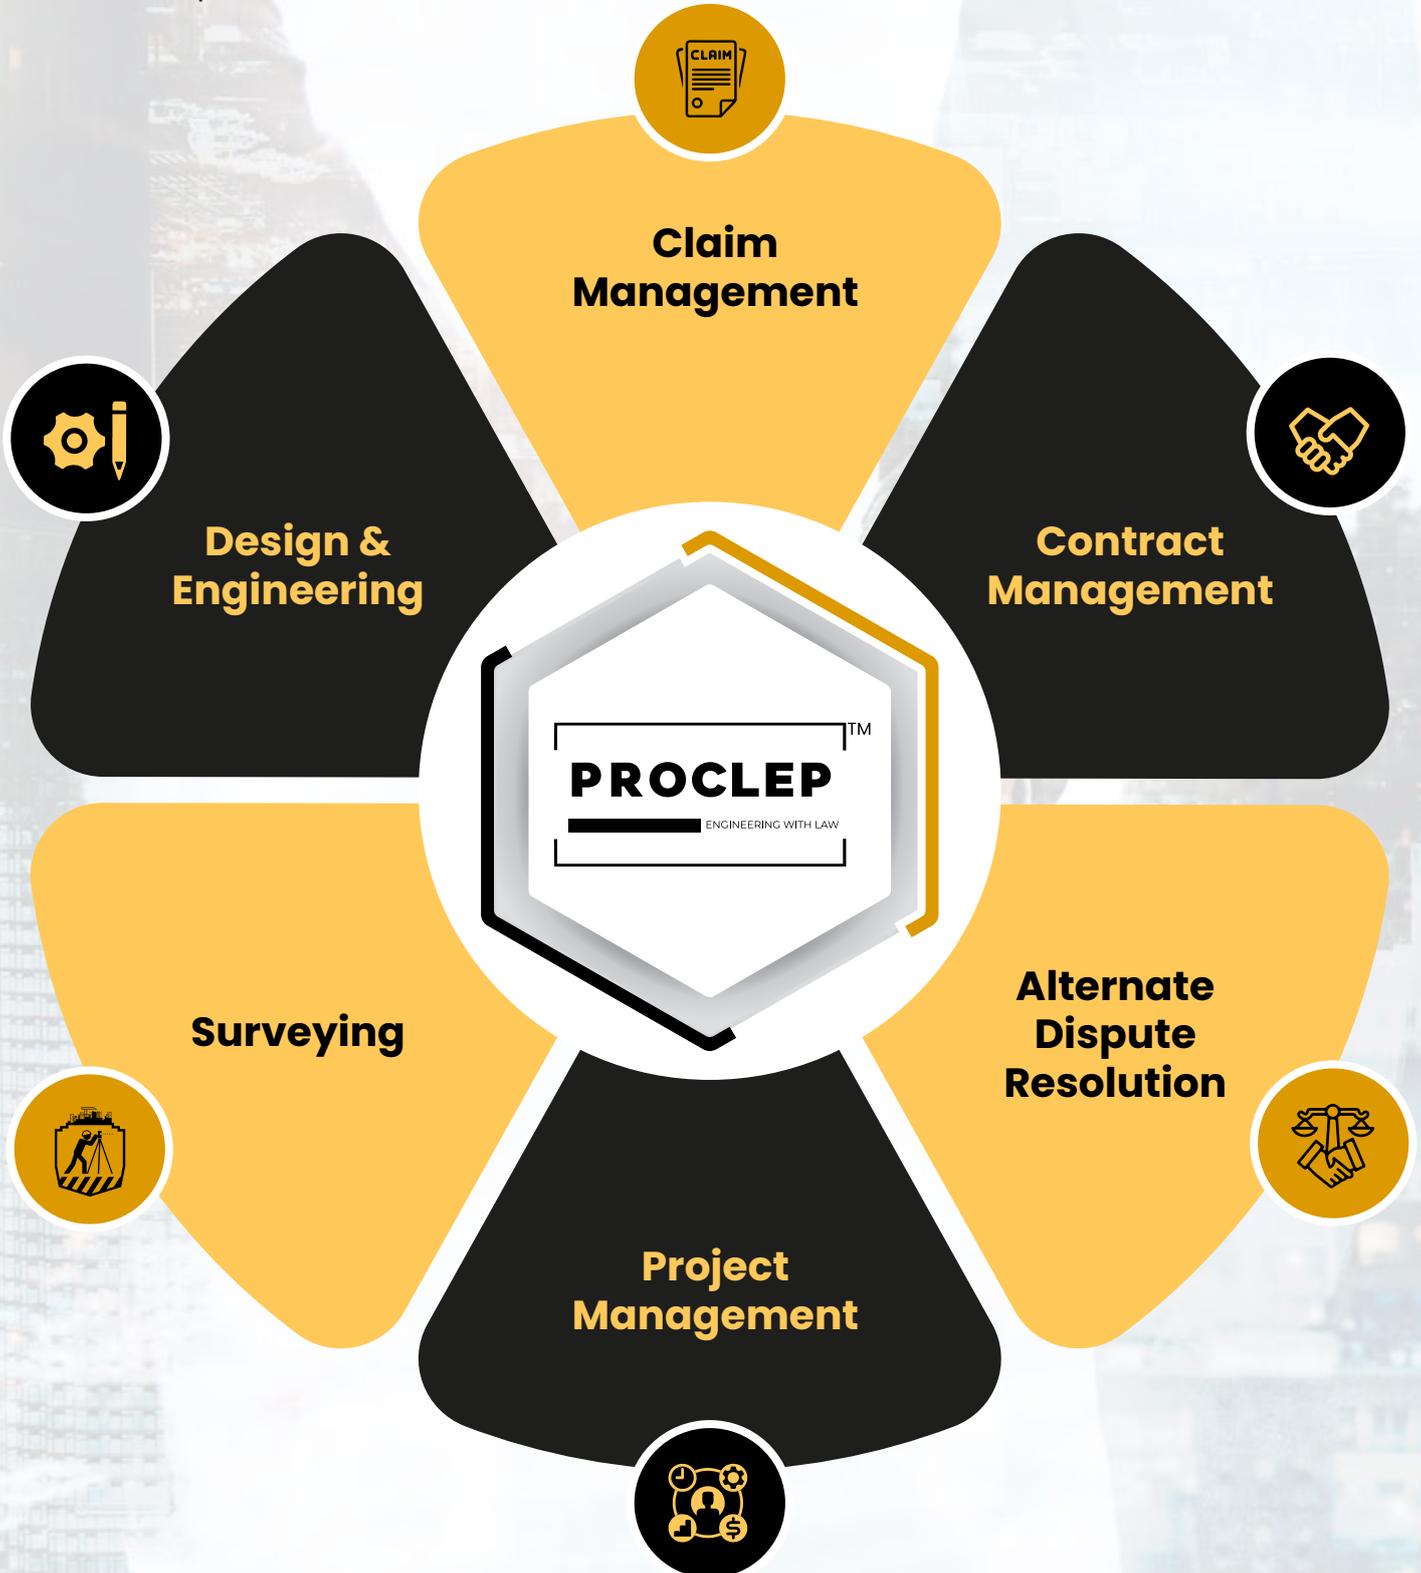

OIL & GAS

# Our SERVICES

Excellent Service Delivery is our strength. We engage well-equipped and competent technical personnel who have the skill sets to:

# CLAIM MANAGEMENT

We specialize in providing expert claims management services to help construction companies navigate through disputes and settlements. Our goal is to ensure that your claims are accurately documented, analyzed, and presented for a just and amicable resolution.

*Our expert team is well equipped to assist you in preparation of following types of claims*

**Prolongation Claims**

**Acceleration Claims**

**Change of Scope**

**Variation Claims**

**Technical Claims**

*However, the Infrastructure sector is too dynamic and so the disputes are. We are always ready to deliver a tailor solution of your claims as per project needs.*

The Techno-legal background and dual Degree (Engineers and Lawyers) of our experts is a great combination which delivers Claim Reports and Delay Analysis and ensures higher Claim admissibility. We take proud of having 9500 Cr Claims Generated.

Our **Claim strategy** is based on

- **Review of Claim history**
- **Root cause Analysis**
- **Claim Causation**
- **Robust Delay Analysis**
- **Industry Standard Calculation methods**
- **Follow up & further evidencing as per requirement**
- **Robust documentation to sustain Judicial Scrutiny**

# CONTRACT MANAGEMENT

PROCLEP is a fast growing Consulting Company with well-defined niche in the sector and carry 20 years of legacy which is its core strengths.

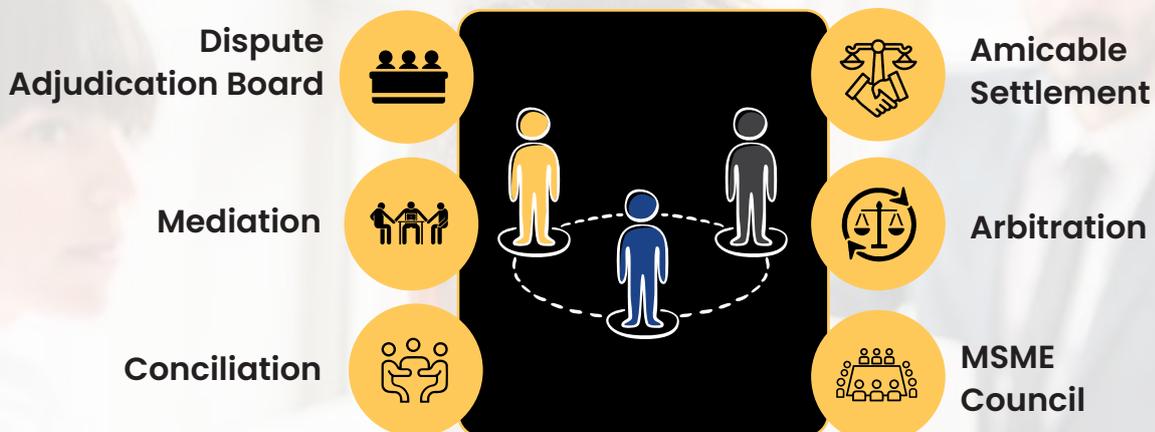

Our Contract Experts are possessing double Qualification We are Engineers, We are Lawyers which gives the true sense of *"Engineering with Law"*.

# ALTERNATE DISPUTE RESOLUTION

Often Claims fail due to selection of wrong Dispute resolution method. Our expert shall go through the Contract Agreement and select the right Dispute Resolution Process.

***Our team carries vast experience in handling following Alternate Dispute Resolutions:***

- Collectively **40+ Arbitration** matters Handled
- Collectively Rs. **800 Crore claims settled** through Negotiation
- Collectively Rs. **450 Crores Arbitration Award** Received
- 3 Nos. of MSME Council matters handled
